ERDEM UĞUR ŞAHİN

STUDENT

📍 İZMİR TURKEY

PROFILE

As a third-year Management Information Systems student at Yaşar University, I have three years of theoretical coding experience. I want to do an internship in data analysis or software development. I want to work as a data analyst in my future plans. I am open to new information, projects, and experiences. I want to gain experience by doing a part-time job or internship.
